Dear Stan,

In checking the events at Montrose V.A. this winter, I find that they did appoint me a Consultant in Psychiatry, and that this appointment was approved in Washington. Enclosed is a copy of that application. Dr. Harris at Montrose has the file and can write the appropriate letter.

Perhaps this will make my appointment to Northport easier. I have sent the same to Dr. Derman at the Manhattan V.A. for the levomethadyl study.

I shall be at Raquette Lake, N.Y. for July. Should the occasion arise, you can reach me by calling my office in New York; or writing to General Delivery, Long Lake, New York. I expect to return on August 1 and will call your office that week.

Finally, the Greek cannabis study will be funded; the Jamaica was sunk by lack of State Department clearance; and Jerry Levine has yet to answer me-- I will call him at the end of this week again.

My best to all.

Sincerely yours,

Max Fink, M.D.
