Society for Neuroscience  
Bethesda, Md.

Dear Mrs. Wilson,

I had heard of the first meeting of the Society for Neuroscience, but was unable to attend. Since then, I have been told that the next meeting is scheduled to precede the American EEG Society meetings in Houston.

I am interested in any information that may be available regarding this meeting and membership in the Society.

Many thanks.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
