

DEPARTMENT OF EXPERIMENTAL PSYCHIATRY

June 22, 1962

Dr. Eliezer Edelstein
5617 Oakmont Ave.
Bethesda 14, Maryland

Dear Dr. Edelstein:

Enclosed is a ticket for the flight from Washington to St. Louis Thursday morning, June 28. When you arrive in St. Louis please go to the Eastern Air Lines ticket counter and there will be a message for you. If contact is not made, please call the secretary at Mission 5-6230.

If there is a possibility that you may not use this ticket please note that you would have to cancel it by phone the day before.

I am planning to show you around the hospital after you arrive, and for your meeting with Dr. Kohler. There is a return flight at 5:30 which is approximately the time that I will be taking a flight to New York and we can go to the airport together. If you decide to stay over please feel free to do so. There are some other good flights, especially a direct flight at 11:55. Looking forward to seeing you.

Sincerely yours,

MF:gp
