Dear George,

If three references are all that are required, please use the ones marked on the attached xerox copy.

I hope that the summary was useful and I look forward to seeing the completed manuscript.

I trust I will see you in New York after the San Diego meetings. I am trying to arrange a session at my laboratories either Wednesday, September 24, or Thursday, September 25, and I will write to you soon.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
