Dr. Leo E. Hollister
Associate Chief of Staff
Veterans Administration Hospital
3801 Junipero Serra Boulevard
Palo Alto, California

Dear Leo:

Thank you for sending me the article on LSD. We have recently begun some studies with LSD here, and suddenly the nurses and some of the other professional people have become alerted and have asked for some discussion of the uses of this compound. Here, for the past year, we have been using such potent agents as Miltan, Sernil, and a variety of other exotic compounds and nobody seemed the least bit interested!

I am enclosing a final copy of our report on chlorpromazine and imipramine, and only tell you that we have sent it to the Archives for their consideration.

I would like to see your report, as I have already heard it quoted by the representatives of a pharmaceutical house. Your press is most active!

Sincerely yours,

Max Fink, M. D.
Director
