Dear Mr. Stuart:

I am very pleased to announce that the National Institutes of Health have awarded the Psychiatric Research Foundation the following grants effective January 1, 1964. Because of secretarial delays in Washington, we had not received verification until the last few days.

| Therapy Resistant Psychosis and New Drugs | | |
|---|-----------------------------------|----------|
| #MH 08517-01 | January 1, 1964-December 31, 1964 | \$86,040 |
| 02 | First additional year | 90,420 |
| 03 | Second additional year | 94,680 |
| 04 | Third additional year | 99,180 |
| 05 | Fourth additional year | 103,860 |

| Psychopharmacology of the Lithium Ion | | |
|---------------------------------------|-----------------------------------|--------|
| #MH 08478-01 | January 1, 1964-December 31, 1964 | 19,750 |
| 02 | First additional year | 20,526 |
| 03 | Second additional year | 21,252 |

| Supplement to EEG and Human Psychopharmacology | | |
|--|------------------------------------|--------|
| #MH 07249-02S1 | January 1, 1964-September 30, 1964 | 26,280 |
| 02S2 | First additional year | 40,900 |
| 02S3 | Second additional year | 33,200 |

A fourth grant has already been approved by the Council of the National Institutes of Health but because of administrative questions, has not yet been awarded. I am most grateful for the support that the Institutes of Health have given us.

We have already made a public announcement of the first of these awards. This was done as soon as the award was received in order to bring to the attention of the University staff, with whom we were soon to meet, the fact that our work had received national support. Announcements for the subsequent awards will be prepared and submitted within the next few days.

Sincerely yours,

Max Fink, M. D.
Executive Director
