Dr. Fritz A. Freyhan  
St. Vincent's Hospital  
153 West 11th Street  
New York, New York 10011

Dear Fritz,

Your correction for the Minutes will be entered, and I trust the record reflects our discussion.

For your information, I have asked my secretary to make the information regarding the Editorial Board of the journal.

It is clear that the journal is a creature of Dr. Stratton, and that the designation of "official journal" is nominal. In view of the other changes at Grune & Stratton, it would be useful if you (as Editor-in-Chief and an APPA Councillor) could review the relationship of the journal to the APPA and suggest to the publications committee a course which would perhaps establish the journal truly as the "official journal"?

Sincerely yours,

Max Fink, M.D.  
Secretary
