Dr. Souren Avakian
The Denver Chemical Manufacturing Company
35 Commerce Road
Stamford, Connecticut

Dear Dr. Avakian:

Thank you very much for your kind invitation to join the membership of the Carl Neuberg Society. The invitation came as a surprise as I have not participated in this society in the past. The content of the forthcoming program of "Drugs and Dreams" is indeed of interest.

However, before undertaking to accept your kind invitation, it would be most helpful if a copy of the present membership list could be made available.

Again, my thanks for your kind invitation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
