Dear Dr. Simeon:

It has been some weeks since we received the request that we file a preferential visa on your behalf. This has now been done, and while I do not have the copies of the forms yet available to me, I am taking this opportunity to tell you that the necessary steps were accomplished here in Kansas City.

Since last writing to you, this Institute has been reorganized as the new Department of Psychiatry of the School of Medicine of the University of Missouri. With this reorganization, there was some delay in getting the proper credentials filed, but has now been done.

I shall write to you again shortly.

Sincerely,

Max Fink, M.D.  
Professor of Psychiatry
