Mr. William S. Wahlin  
Division of Psychiatry  
Montefiore Hospital  
210th Street and Bainbridge Avenue  
New York 67, New York

Dear Mr. Wahlin:

Enclosed is the reprint which you requested. The only other articles related to population characteristics are those written with Bob Kahn. It would be like sending coals to Newcastle for me to make any suggestions to you or to him regarding this problem.

Good luck.

Sincerely yours,
