

December 22, 1969

Dr. Donald Klein
Hillside Hospital
P. O. Box 38
Glen Oaks, New York

Dear Don,

The note to Dr. Essman about urine collections seems fine, and I have sent it on to Arthur Zaks who will contact you.

I have spoken to Martin Green about the Indoklon-EEG records at Hillside, and he agreed to look at what may be available in the records. If available, I'd like to send someone with him to review the data.

My best wishes for a successful 1970!

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
