Dear Max:

Congratulations and our best wishes on your marriage. We all had been wondering whether you would find somebody here or on your many trips. I am delighted that you found somebody from Vienna, and Martha joins me in wishing you many happy years together.

Speaking of Vienna, I am now planning my next trip to Europe. There will be an international meeting in Vienna, and rather than go through formal channels to obtain a room, I would prefer accepting your recommendation.

Would you request reservations for the period of September 3 to September 10 for myself and also for my associate, Dr. Turan Itil? We would prefer single rooms with bath at your favorite hotel.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
