Dear Jon:

The minutes are essentially correct. Since Lawrence Kubie has died, I have deleted our recommendation from the paragraph on Page 1.

I have asked Fritz Freihaan to chair and Joe Zubin and Sam Guze to be on the Nominating Committee for 1974. This amendment might be added to the minutes of October 15. I agree that both Milt Greenblatt and Mr. Goellner be invited to the March 6 Council meeting. Invitations to Spitzer and Freihaan also would be appropriate.

I am also enclosing a copy of a letter that I have received from Milt Greenblatt following our discussion of the Hoch Award. I believe the letter is self-explanatory and supports the Committee's recommendation.

Thank you for your help with the ACNP invitation. I was able to clear the invitation for Dr. Van Riezen with Dick on the basis that Van Riezen is a foreign pharmacologist. I trust you will have a chance to meet him in California. We have a date with Lyle Miller for November 27.

Sincerely yours,

Max Fink, M.D.
