Robert M. Derman, M.D.
Veteran's Administration Hospital
New York City 10010

Dear Dr. Derman,

Enclosed is a completed application for the position of consultant at the V.A. in New York, and a copy of my curriculum vitae.

In February, I was appointed consultant to the V.A. in Montrose, and I have requested Dr. Harris of Montrose to send a letter indicating that this was indeed accomplished, to your attention. I trust that the earlier appointment will allow the V.A. to transfer the appointment to New York, and avoid the extra effort in processing.

Today, I spoke to Sam Kaim who indicated that he had received support from SAODAP for the collaborative studies, but had not received answers to his request for additional supplies of levomethadyl.

My thanks for your invitation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
