

July 26, 1965

Dr. H. B. Steinbeck, M.D.
IBM Advanced Systems Development Division
2651 Strang Boulevard
Yorktown Heights, New York

Dear Dr. Steinbeck:

I must apologize for not having sent a specific outline of our report to the IBM Medical Symposium scheduled for October 25. This oversight on our part is corrected with the enclosed abstract, which I hope will meet with your approval.

I am also pleased to enclose short biographical sketches of Mr. Shapiro and myself, as well as more extended copies of our curriculum vitae. If the abstracts are too sketchy, perhaps the c.v. will be of greater assistance.

Please accept my apologies for this late submission, and our thanks for your kind invitation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
