

December 19th, 1972

Anthony Nowels, M.D.,
Biological Research Section,
Clinical Research Branch,
National Institute of Mental Health,
5600 Fishers Lane,
Rockville, Maryland 20852.

Dear Doctor Nowels,

I am pleased to enclose a number of reports, both published and in press, which have been accomplished under MH 15561. Work under this grant is continuing in writing up the CSF findings and preparing some studies with Dr. Walter Essman of CUNY in Queens College.

The terminal report and additional reprints will be submitted as soon as the ongoing summaries are completed.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
