Dear Mr. Manning:

When I spoke to your wife it was to indicate that we have had difficulties in obtaining supplies of marijuana for research purposes. While I would like very much to have a supply, we do not have grant funds for this purpose. Perhaps you already know that the National Institute of Mental Health has announced the establishment of a few growing centers for marijuana. I believe they will attempt to meet the needs of the scientists.

Thank you very much for your interest.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
