Gentlemen:

A few years ago, at my former institution, we purchased plastic binders for reports, which have been most useful. These came in a 10 inch length, in two 'widths', and many colors.

If you still manufacture these, would you please send me a page from your catalog with the prices and ordering information, for the narrow ($\frac{1}{4}$ inch) and wide ($\frac{1}{2}$ inch) widths.

Thank you.

Sincerely yours,

Max Fink, M.D.
Executive Director
