Dear Joe,

Enclosed is a proposed protocol for the collaborating institutions.

In addition, the modification of our protocol is also enclosed and I would be grateful for any criticism that you may have before I implement this. If the protocol is agreeable to you, would you be able to supply us with cyclazocine capsules with .25 mg cyclazocine in a pink capsule as enclosed. I can obtain the imipramine from Geigy directly. If this is not satisfactory, would you be willing to obtain imipramine from Geigy and make up matching capsules of 25 mg imipramine and .25 mg cyclazocine.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
