Dr. Albert J. Silverman  
Professor and Chairman  
University Hospital  
Neuropsychiatric Institute  
Ann Arbor, Michigan 48104

Dear Al,

I have discussed your letter to Arnie Friedhoff regarding membership in the APPA with other members of the Council. The Association has faced this problem before, and has established a category of membership; "corresponding member" for this contingency. Corresponding members are privileged to receive all communications, attend meetings, participate in committee functions.

We would be pleased to include you in the membership. Transfer to active status can be made at your request.

Will you reconsider?

My best regards.

Sincerely yours,

Max Fink, M.D.  
Secretary
