July 28, 1969

Dr. O. Vinar
Senior Staff Scientist
The George Washington Biometric Laboratory
1145 Nineteenth Street, N.W., Room 618
Washington, D.C. 20036

Dear Dr. Vinar:

It was a pleasure to have you visit our laboratories on July 23. I am sorry that you had this difficulty with cancelled flights and I very much regret that my time was so preoccupied as to limit the opportunity to discuss my program.

On behalf of the International Association for Psychiatric Research, I am pleased to send you a check to defray the expenses of your visit.

Sincerely yours,

Max Fink, M.D.
Executive Director
