Mr. Howard Lane  
31 Central Park Road  
Plainview, New York 11803

Dear Mr. Lane:

I have read your letter with interest, and regret that I am unable to assist you.

I do not know of a way of increasing red cell cholinesterase, short of transfusions. We have not studied the effects of choline nor L-Dopa.

Your studies seem of interest and if these are sufficiently advanced, perhaps you have contacted the clinical chemistry section of NIMH.

Good luck!

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
