Dear Joe,

Enclosed are copies of the letters from Dr. Allen Raskin of the Psychopharmacology Research Branch as sent to the project coordinators of the NIMH depression study. As we discussed I will call each of the project coordinators and attempt to set up a meeting to develop a collaborative cyclazocine study.

In addition to these investigators, the other invitees should include Dr. Cole, Dr. Itil and from my staff, Drs. Simeon and Zaks.

I will speak to you at the end of the week.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
