Dr. Harold Meiselas  
New York State Narcotic  
Addiction Control Commission  
1855 Broadway  
New York, New York 10025

Dear Harold,

Both Al Freedman and I regretted your prior commitments that precluded your attending the meeting on opiate antagonists. We have been encouraged by the latest editorial by Philip Abelson in Science to summarize the proceedings and submit these to his journal for publication. A copy is enclosed for your information.

Perhaps we may meet soon to review this data.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
