Würzburg, West Germany

Dear Dr. Jovanovic,

Thank you for your kind invitation to participate in the forthcoming symposium, *The Nature of Sleep*, in Würzburg, September 23-27, 1971. I am pleased to accept your invitation to chair one of the sessions, and believe I can make a contribution to either:

*I: Methoden und Technik der Untersuchungen, or*

*IV: Psychopharmakologie (I).*

In (I), particularly item 5 (Probleme der apparativen Auswertung); and in (V), particularly items 37 (Anderungen im Schlaf-EEG unter Wirkung von Psychopharmaka) and item 45 (Komparation der Einwirkungen von Schlafmittel und Psychopharmaka). I would be prepared to comment in either session from my studies.

I can also prepare a more formal presentation for the session in item 45, under the title:

*Quantitative EEG Classification of Psychoactive Drugs in Man.*

I look forward to the symposium, and am honored to participate. I am confident the proceedings will make a valuable contribution to the physiology of sleep.

Good luck !

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
