Dear Greta,

Because flights to Kennedy Airport are so irregular, it is not feasible to meet arriving passengers. When you have cleared customs, find the telephones for suburban limousine services, and pick up the telephone which is labelled "Long Island Limousine Service" or "Winston Limousine Service (Long Island)". Tell the operator that you wish to go to Stony Brook (Railroad Station). When you know what time you will be arriving at Stony Brook, let me know and we will pick you up at the station. (Or call from the station; we will be about 15 minutes away.)

Or, call me before making limousine arrangements and I will explain again. I can be reached most days at work (516 444 2929) or at home in the late afternoons (516 862 6651).

We will make arrangements for your stay.

My regards to Gerhard.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry

Dear Greta,

We should be in New York during much of July. While I will not be 'on service', I will be able to have you meet my associates and work with us on July 13.

I will arrange some accommodations.

When your plans are finalized, let me know. I can be reached most days at work (516 444 2929) or at home in the late afternoons (516 862 6651).

My regards to Gerhard.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
