

March 28, 1968

Dr. Ralph Jacobsen
Associate Medical Director
Endo Laboratories
1000 Stewart Avenue
Garden City, New York 11533

Dear Dr. Jacobsen:

It was very kind of you to send me a copy of the report by Dr. Jones. I think the idea is a very good one and, when we are in a position to extend the naloxone studies, I would very much like to adopt this method. Do you think that your chemist would be able to add riboflavine to naloxone? I am sure that we can obtain the fluorescent lamp suggested and my technicians could carry out tests periodically.

Again, my thanks.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
