Dear Mr. Aronson,

Enclosed is a revised version of the report, "*Efficacy and Safety of Induced Seizures (EST) in Man*". Following your suggestion, the text has been reduced from 35 to 24 pages. To the citation list, we have added seven citations. I believe the text and citations now meet the suggested length and may be considered for publication in its entirety.

Thank you for your suggestion and assistance.

Sincerely yours,

Max Fink, M.D.
