Dr. Horst Flegel  
4 Dusseldorf  
Bergische Landstrasse 2  
West Germany

Dear Dr. Flegel:

We have received a letter from Dr. Boger, and it is only necessary that we receive a letter from Professor Panse to complete your file. I would be grateful if you would ask Professor Panse to write a letter of reference to us or, if you wish, I will write directly to him asking for such a letter.

In reading your letters, I am unclear as to the duration of time that you are planning to spend in the United States. It will be most helpful to me if you would indicate the period for which you are asking to participate in our programs.

Sincerely yours,

Max Fink, M.D.  
Director
