

July 12, 1965

American Men of Science  
Arizona State University - Annex 15  
Tempe, Arizona 85281

Gentlemen:

Enclosed is a carbon copy of the biographical sketch submitted to me for correction. Since January 1, 1965 my title and position have changed at this Center. The Missouri Institute of Psychiatry has been redesignated as the "Department of Psychiatry at the Missouri Institute of Psychiatry, University of Missouri School of Medicine." I am no longer "Director" but carry only the title of "Professor of Psychiatry" of the Department.

My position at Washington University as Research Professor of Psychiatry continues concurrently.

I would appreciate your making the necessary corrections in this edition. Thank you for your co-operation.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
