

July 23, 1963

Mr. Norris F. Steenberger  
Director, Personnel Division  
Division of Mental Diseases  
100 East Capitol Avenue  
Jefferson City, Missouri

Dear Mr. Steenberger:

Mr. William Lang is a pharmacologist who has been in training with Dr. Samuel Gershon. Dr. Gershon is the Principal Research Scientist (Pharmacology) at the Institute.

Mr. Lang will receive his Ph.D. from the University of Melbourne in October and we would like to invite him to participate in the programs of the Institute. Enclosed is application for a position at the Institute in pharmacology. It is our impression that he fulfills the requirements for Assistant Research Scientist now. We should like to re-evaluate him, as soon as his doctorate is approved, for the position of Research Scientist. In order to offer him a position, however, I should be grateful if you could notify this office if his name can be entered on the lists for either position at this time.

Sincerely yours,

Max Fink, M. D.  
Director
