

December 11th, 1972

Mrs. C. Gwinner,
Personnel Officer,
Surge E, Rm. 149.

Dear Mrs. Gwinner,

I am in the process of moving a study program from the New York Medical College to the Health Sciences Center. As part of this program we already have received support (Antagonists to Opiates, HSM-42-72-115). Under this contract I have recommended for appointment three young research assistants:

Peter Irwin
Carolyn Poinier
Ira Snapper

One of the principal ingredients in obtaining the cooperation of these young people in working at Stony Brook has been the opportunity to participate in the teaching programs of the university.

I have been asked by them today whether they can obtain a temporary identification card so that they can meet the requirements to register for courses for the next semester. It is my understanding that such an ID must be in hand before December 14th.

I have recommended these three young persons for appointment to the Foundation; their papers are in process; and funds are available. I would be grateful if you could provide any assistants with the necessary temporary documents to permit them to participate actively in the educational and cultural activities of the university.

I am indeed grateful for your cooperation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry

Approved:

Stanley F. Yolles, M.D.
Chairman and Professor
