Gentlemen:

I would appreciate your help in attaining information from your files on chlorpromazine. I am trying to review the treatment of depressive illnesses with chlorpromazine, and except for references in 1954-1956, I have found very few.

Have you compiled a list of references on this subject? If so, could you make a copy available to me?

I will be grateful for any information you can send, and your cooperation will be sincerely appreciated.

Sincerely yours,

Max Fink, M.D.  
Director
