Emory University Clinic
Atlanta, Georgia 30322

Dear Dr. Skelton:

Enclosed are some of our recent reprints, including a copy of the Q-scale report. The techniques for cyclazocine are described in sufficient detail to be useful. Cyclazocine can be obtained from Sterling-Winthrop Laboratories in Rensselaer, New York. Naloxone is not available for trial.

You can "tune in" cyclazocine by using the scale and induction schedule, and as patients are in treatment, reviewing these with us. We would be pleased to have you visit us, or have one of us consult with you in Atlanta if you wish.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
