Dear Mrs. Grass:

Once again I am in the position of equipping a new laboratory and am considering your equipment. I have available the throw-aways which you distributed before the Academy of Neurology Meetings, and find descriptions of the Model 78 Polygraph. I would be grateful for more detailed price lists and descriptions of the various components of this system. Would you kindly send this information to my new address at the Department of Psychiatry, New York Medical College, 106th Street at Fifth Avenue, New York, New York, 10029.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
