Dr. Bernard Cruvant  
529 Midvale  
St. Louis, Missouri

Dear Barnie:

Thank you very much for referring Mr. Raymond Morrissey to me. He called regarding his son who is now a patient at Shepherd Pratt Hospital.

I told him that we would be interested in seeing his son to make a determination as to whether our programs may be of benefit to him. In order to make this determination, it would be necessary for his son to be admitted to the St. Louis State Hospital. If Mr. Morrissey will let me know when that admission has been accomplished, I will arrange for his examination and if we can be of help will request transfer to this institution.

Thank you for your referral.

Sincerely yours,

Max Fink, M. D.  
Professor of Psychiatry
