Dear Miss Bastiaans:

I am pleased to enclose a copy of the corrected page proofs of pages 33-68 of the Bibliography.

We have checked the subject index and have indicated our suggested corrections for those which you questioned. I do not think another set of page proofs on these pages is at all necessary. I wish to congratulate you on a job well done.

Please note that my associate questions the capitalization of reference #461, and we will abide by your determination.

Sincerely yours,

Max Fink, M. D.
