

August 4, 1978

Lothar Kalinowsky, M.D.
30 East 76 Street
New York City

Dear Lothar,

I have just returned from Europe and take the opportunity to enclose some reprints regarding our studies of the narcotic antagonists in opiate dependence. I trust these are helpful.

Since coming to Stony Brook, I have not carried out any systematic studies of the antagonists. It was one of the surprises of my move that we were unable to find a patient population with opiate dependence in Suffolk County.

My regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
