Dear John,

Your letter of October 31, was received this morning.  
I hope I gave you the information you asked on the telephone.

Enclosed is a copy of the program of the ARNMD and  
relevant pages from a recent bulletin of the ACNP. These  
should be sufficient justification for your visit to New York.

When you have your program outlined and let me know  
when you will be in New York, I will make the necessary  
arrangements for your visit to this center.

My best regards.

Sincerely yours,

Max Fink, M.D.
