Dear Al,

As I mentioned to you, I have been collecting information on PL 480 funds which may be used for research purposes in Europe. My inquiry for Turkey has come to naught, since funds are not available in that country. But as the enclosed copies indicate, funds are available in Poland and perhaps this information would be helpful for you, at the time that you meet Professor Jus.

I have communicated the sense of our discussions with Don. He is quite interested but as a young man, the ultimate question is that of financial support. I would be grateful if you would review his curriculum vitae and call me at your leisure to recommend a salary which would be appropriate were he to accept the recommendations effective the first of the year.

Many thanks.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
