

73I-503CT

January 24th, 1973

Steven F. Zornetzer, Ph.D.,
Assistant Professor, Dept. of Neuroscience,
University of Florida College of Medicine,
Gainesville, Florida 32601.

Dear Steve,

After some delay we are submitting all the reports of the ECT meeting to V.H. Winston & Sons, Inc. for publication. As we can meet their deadlines, they have promised to deliver the final publication by September 1973.

I thank you for your contribution and am delighted to hear that you are continuing to study seizures.

Sincerely yours,

Max Fink, M.D.
