Dr. George Ulett  
Missouri Institute of Psychiatry  
5400 Arsenal Street  
St. Louis, Missouri 63139

Dear George:

It is with a great deal of pleasure that I send you the enclosed letter from Dr. Alfred M. Freedman, appointing me Visiting Professor of Psychiatry at the New York Medical College. Dr. Freedman has invited me to visit with his staff on alternate week ends over the next six months. It is our mutual hope that these meetings with his staff will provide an opportunity for the development of collaborative research programs, which will be complementary to the programs which we have established here.

I see this opportunity not only as one which may be rewarding in its research possibilities, but also in its recruiting and training opportunities.

In this appointment, I am confident that Dr. Freedman will provide for the expenditures involved in these visits.

Sincerely yours,

Max Fink, M. D.  
Professor of Psychiatry
