The Reverend Phylemon Titus
3991 Fourteenth Avenue
Detroit, Michigan 48208

Dear Reverend Titus:

Your kind offer of the opportunity to establish a treatment unit at the Fourteenth Avenue Methodist Church in Detroit is most kind and responsive to our announcement.

FADA is a non-profit fund raising group hoping to support medical research, such as we outlined. At present, we are not in need of either patients or a place to work, but need the funds necessary to stimulate the research scientists to make the special efforts necessary to make the narcotic antagonists freely available.

I thank you for your most kind offer, and have forwarded your letter to the leaders of FADA.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
