Dear Miss Cattenburch:

Thank you very much for your letter of April 24. I am indeed grateful that Elsevier will change all promotional material in the future and suggest only that there be one amendment to the listing which you give in your letter. It is appropriate that the academic degree, M.D., be included and would suggest that the proper designation be: Max Fink, M.D., Professor of Psychiatry, Department of Psychiatry at the Missouri Institute of Psychiatry, University of Missouri School of Medicine, St. Louis, Missouri.

Thank you very much for your cooperation. I regret very much that my earlier letter did not reach you in time to change the advertisement, but hope that this clears the issue for the future.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
