Dr. Hans Kosterlitz
University of Aberdeen
Fosterhill, Aberdeen, Scotland

Dear Dr. Kosterlitz,

I look forward to joining you in Aberdeen on July 12-13,
and I again thank you for the invitation.

We will discuss "Clinical Studies of Cyclazocine and
Naloxone in Opiate Dependence", and the authors are, as listed,
Drs. Mi Fink, A. M. Freedman, R. Resnick and A. Zaks.

I plan to bring my wife to Europe as well as my two
daughters, ages 13 and 15. If accommodations can be made at the
Hall of Residence, I would appreciate two rooms; if not, would
you make reservations in a hotel, two rooms, with planned arrival
the day before the conference, on Sunday July 11 ?

We will provide a manuscript, according to your
instructions, before the stated date of July 1.

I look forward to the conference, and to visiting
Aberdeen.

Sincerely yours,

Max Fink, M.D.
