

June 6, 1966

Dr. Harold E. Himwich
Director, Research Division
Galesburg State Research Hospital
Galesburg, Illinois

Dear Harold,

The proceedings of the CINP symposium will probably be published as one of the volumes of *Progress in Brain Research* by Elsevier. The title will probably be "Anticholinergic Hallucinogens" but this is not yet definite.

The editors will probably be P. B. Bradley and M. Fink. We hope to have it appear early in 1967.

Many thanks for your participation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
