Dr. Greenwell
Rowell Laboratories
Baudette, ~~Wisconsin~~
Minnesota
Dear Dr. Greenwell:

As an academic institution, we are interested in providing an opportunity for our students to treat manic patients with lithium carbonate and to observe its activity.

I contacted Dr. Charles Shagass of Temple University who informed me that your laboratories can make lithium carbonate available for trials and may assist us in filing an IND with the FDA.

May I request a price list for lithium carbonate, and permission to quote your manufacturing and other data in our IND?

Thank you for your cooperation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
