Dr. Martin Kantor
154 East 71st Street
New York, New York

Dear Dr. Kantor:

As I discussed with you some months ago, the Department is expanding a number of the study programs and we would be pleased to consider your appointment. However, I am concerned with your request for a "part time position at 10 - 20 hours per week."

At the present time, we are not making appointments for staff with commitments less than 25 hours per week, giving priority to attending psychiatrists willing to devote 30 to 40 hours per week.

If the possibility of a more extensive commitment to the Department's program is of interest to you, I would be pleased to have you call Dr. Gerald Tannenbaum at 369-6300 Ext. 754.

Dr. Tannenbaum is in charge of one of the special projects in brief hospitalization with visiting nurse after-care. This program is an exciting research study and I think you will find participation most interesting.

I look forward to a favorable recommendation from Dr. Tannenbaum.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
