Dear Turan,

I have received a letter from Dr. B. Lebedev of the World Health Organization inquiring about our Turkish collaborative study. A copy of his letter is enclosed as well as my reply.

Would it be possible for you to visit with us on Friday, February 2, to discuss a presentation before the Department staff? Drs. Bucci and Simeon are presenting our observations with depot fluphenazine and we would be pleased to have you discuss this presentation. The meeting is held at 12:15 pm in the sixth floor auditorium at Metropolitan Hospital (97th Street and First Avenue).

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
