Czechoslovakia

Dear Milos,

You have been so kind and thoughtful in sending us the many wonderful new stamps of Czechoslovakia. It was kind of you and on this year-end occasion, I want to take this opportunity to wish you and your family a most Happy and Prosperous New Year!

I am also writing because I plan to be in Europe in February. I would like to have an opportunity to visit Prague. My plans make the last week in February available for a visit, as I will be on route to Istanbul.

In the same post, I am writing Professor Roubicek, suggesting that I visit his laboratory on February 26. Would it be possible to visit with you on February 27? Perhaps you may call him and arrange a visit that would be convenient for both of you.

Again, my best wishes for the New Year.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
